*St. Vincent de Paul*

Dear Families,

We celebrated the Baptism of the Lord this past Sunday and now we have moved into Ordinary Time. This is a great time to share what was special about your child's baptism as well as what you remember about your own baptism. The sprinkling rite at mass on Sunday brought back so many memories of my own children's baptisms and it felt so good to feel those drops of water once again!

### COVID Vaccines and Updates

Along with wearing a mask and physical distancing, vaccines help protect individuals from severe cases of COVID. About one third of our students are vaccinated so far with many more partially vaccinated. Please let Mrs. Wolf know when your child is vaccinated. Thank you.

We have had a few students testing positive due to holiday break exposures and/or parent exposures at their work places. It's important to check your child daily for COVID symptoms and if your child is not feeling well, please keep him/her home. If your child tests positive for COVID, please let me know as soon as possible to help avoid any possible exposures at school.

Teachers spent time on Friday preparing for remote learning should we need to move that way. Thank you for doing all you can to keep us all as safe as possible.

### Catholic Schools Week (CSW) and Open House

Catholic Schools Week is January 29-February 4. Please place your Catholic Schools Week Spirit Sign in your yard. We have a few extra signs. If you are new to our school and would a sign for your yard, let me know. This show of school spirit will help promote our school during CSW.
