Dear Families,

The Easter season continues. During this trying time it's easy to forget that Jesus is just a prayer away. Have you talked to him today?

With just 12 days of school left, I hope you can spare a few minutes to check to see that your child has turned in all assignments. Teachers can only give students credit for work submitted. If you are having trouble submitting work online, you can always bring completed paperwork to the office in the mornings from 9-noon. Mrs. Taylor is still missing several PE activity logs so check her Google Site if needed. If you need help from your child's teacher with any work, please reach out to her/him.

If you need information for PowerSchool so you can check grades, email me so I can send it to you as soon as possible. Parents, thank you for your assistance with the remote learning during the closure. You are awesome!

I know that we all, students, teachers, and parents, are feeling the same emotions—stress, worry, frustration, and isolation. It's my hope that this strange "stay-at-home" time has also provided each of us with some meaningful memories as well as an opportunity to develop grit, endurance, resilience, thoughtfulness, prayer time, and a renewed sense of community. Parents, your strength and kind words have helped me have the patience to endure this unusual end-of-the-year.

Tomorrow is an in-service day. No school work! Take this as a mental health day.

G. L. A. D.

What are you grateful for today?

What have you learned this week?

What have you accomplished this week?

What has brought you delight?

St. Vincent de Paul, pray for us.

With my love and prayers,

Wanda

Sweet Mother Mary, pray for us.
